- Just a quick note as to how I run things. BEFORE babies are born, you are welcome to make an appointment, see our home and kennel situation and meet our dogs.
- Once babies are born- NO VISITORS AT ALL - for the 1st 2 weeks, once they move out of the nursery and into their play area, I start making appointments to visit
- We only allow 1 family per day, as it still stresses the mom out. We ask all visitors to remove shoes (no exceptions) And wash hands and bring a freshly laundered shirt to put over your current clothes.
- At 6 weeks we encourage visits and they will be learning to potty outside, and time for rough and tumble play. We teach them to go up and down stairs and a lot of socialization will be taking place during these next to weeks.
- BT 8 to 10 weeks is pu time - your puppy will have all age appropriate vaccinations, regular vet exam and specialist (depending upon bred) collies -eye exams, and Golden's heart.

If you have any questions at all, please feel free to email me at the above email.

Thank you
